PUBLIC CALLS FOR TAX CUT

WAR-TIME PAY STILL EXISTS IN WASHINGTON TOWNSHIP SCHOOL SYSTEM

THE REGISTER is reproducing clippings from other east bay papers showing the attitude of surrounding communities toward the urgent necessity of economy in county, municipal and school government. These articles are but a reflection of the trend throughout the nation.

In practically all of the Washington township schools, including the union high school, there has been no move to lower the salaries of school attaches. Perhaps Washington township is in such a prosperous condition that it can still maintain war-time pay in the school system. Perhaps local taxpayers are having such a rosy time that economy is unnecesary. Perhaps the fruit growers, getting the magnificient price of three cents a pound for their cherries, and local merchants feeling jubilant over the gold flowing in a steady stream over their counters will uphold the school trustees in their open-handed attitude toward those who teach the young idea to shoot. Perhaps the railroad men who have suffered a slash in wages, the factory workers who have taken a serious reduction in pay, the business men who have gone in the "red" for many months, and the thousands of others who have no work at all, will also join in the applause that is being accorded school administrations in maintaining the old standard of things in a world tobsy-turvy with financial suffering. It is nice, indeed, to have one class of people, at least, oblivious of the economic storms that rage, believing, with good reason, that the depression is all an ugly nightmare of a distorted public mind.

However, there may be people in the district who do not quite understand why one particular class should escape the consequences of a world-wide depression. These people may question the wisdom, the justice of the thing. They may be so impolite as to become angry, especially so when they find that they have no money to meet their taxes, now almost due. Those who feel this way about the matter should remember that their silence and lack of interest in school affairs have been responsible for the schools being run, apparently, in the interests of those who draw down the pay.

School boards are not insensible to suggestions, and you very likely haven't made any suggestions. But you can make them now. Get in touch with your board members and tell them how you feel about this matter. The error can be corrected. Powerful protest may be the cause of rescinding a previous action entirely out of harmony with the exigencies of these perilous times.

LIQUOR CHARGE BRINGS NILES MAN 3 MONTH SENTENCE

Lawrence Bonturi Pleads Guilty in Federal Court

Pleading guilty to a liquor possession charge, Lawrence Bonturi, of Niles, was sentenced to three months in jail by Federal Judge A. F. St. Sure in San Francisco Saturday. He started serving sentence at once.

Bonturi was arrested several months ago by feederal and county authorities in a raid on his ice cream and soft drink parlor which he conducted in Niles. Charges of sale, possession, and transportation of liquor were lodged against him as the result of the raid, but the other charges were dropped when he plead guilty to the possession charge Saturday.

The Niles man was represented in court by Leo Sullivan, of Oakland, who informed the judge that since Bonturi started selling liquor along with his ice cream and candy his legitmate business was ruined.

The ice cream parlor has been ordered closed by District Attorney Earl Warren.

NEIGHBORING TOWNS SLASH PAY OF CITY AND SCHOOL EMPLOYEES

Movement for Tax Economy Brings Action for Reduction

With a widespread agitation for a reduction in municipal, county, and school taxes sweeping the entire country, many bodies who are in charge of administering the taxpayer's money have harkened to the public's cry and have taken action for salary reductions and other economy measures.

Although Washington township has not been affected, this movement has not been entirely unheeded in Alameda county as the following stories reveal:

PAY CUT ORDERED FOR HAYWARD SCHOOL STAFF

The salaries of all full-time employes of Hayward Union high school will be reduced eight per cent beginning July 1, it was announced last week, following a meeting of the institution's board of trustees.

The trustees held preliminary deliberations over the budget for the next school year and decided to reduce the salaries of teachers and caretakers of the institution as one economy measure.

It was indicated that the vocational night school classes, suspended in March because of financial uncertainties, probably will be resumed in the fall term.

Other items of the budget will be economized severely, also, Principal Frederic P. Johnson stated.

An extended statistical survey, comparing the local budgets with those of other high schools in Alameda county, and based on information from the office of David E. Martin, county superintendent of schools, was inspected by the trustees.

This shows that Hayward high school's average salary for teachers having general secondary credentials is $215, sixth on the list of nine Alameda county high schools.—Hayward Review.

OAKLAND TEACHERS GET CUT IN PAY

Salary reductions and other economies that will slash approximately $725,000 from the 1932-33 Oakland school district budget, were announced by John J. Allen, Jr., president of the Oakland board of education, and its budget committee chairman, following completion of the tentative school budget.

Allen said in part:

"The decision of the budget committee has been reached after a careful study extending through the entire school year, carried on at the direction of the board by Willard E. Givens, superintendent of school, and his staff in co-operation with the salary committee of the Oakland Teachers' association.

"Every precaution has been taken by the budget committee and the board to guard the vital interests of the school children of the city."

"The new budget represents a complete readjustment of salaries, the reduction averaging about 10 per cent.

"Centified teachers working directly in classrooms will receive a salary cut of 6.3 per cent, Allen said. All other teachers, including vice-principals, supervisors, assistant superintendents.

SUMMER CAMP FOR SCOUTS WILL DRAW NILES DELEGATION

Five Washington Township Troops to Gather at Camp Dimond

Scout Everett Mendenhall, of Niles Troop 1, will represent Niles during the opening period of Diamond Camp, summer rendezvous of the Oakland Area Council, Boy Scouts of America, located in the foothills near Park Boulevard and the Joaquin Miller Roads.

The camp, which opens June 4, will be directed for the eighteenth year by Homer J. Beniss, scout executive of the Oakland Area Council. Irving P. Beesley, newly appointed field scout executive for the southern Alameda county division will be the camp staff officer in charge of campfires and games.

A special camping period in July for Boy Scouts of this district including Centerville, Decoto, Irvington, Newark and Niles will be conducted at Camp Dimond by Beesley and scouters of the Washington Township.

This is the first time a free camp for Niles Boy Scouts has ever been conducted at the Oakland scout camp. No meals will be served, though the Scouts will have daily access to the 300,000 gallon swimming pool, nature study and craftwork activities, Beesley said.

One Scouter from each of the five township troops will attend camp with the scouts and share their fate in cooking their own meals, sleeping in the out of doors, playing games, passing scout tests, and developing such projects as the boys desire.

BURGLARS GET $100 LOOT IN NILES ROBBERY

Burglars broke into the C. Domeninci home on Second street, Niles, late Saturday night and stole valuables worth approximately $100.

Mr. and Mrs. Domeninci had left their home in the early part of the evening and when they returned found the house in a state of confusion. Domeninci's gold watch and his wife's wrist watch, some clothes, and other valuables were found missing.

The burglars gained entrance by breaking the glass in the kitchen window.

Night Patrolman Arthur Roderick was notified and he conducted an investigation. No clues to the identity of the marauders is known. Patrolman Roderick made a search of several transients in the Western Pacific and Southern Pacific railroad yards but failed to discover anything that might lead to the capture of the burglars.

Dr. and Mrs. R. H. Bennett and Mr. and Mrs. H. L. Scott and family enjoyed a trip to Pismo Beach, near San Louis Obispo, over the holidays.

OLD ALVARADO PIONEER IS BURIED

He was very active until the end and had been able to travel about without little effort in spite of his ninety-one years. Death came peacefully early Thursday morning of last week.

OLD THEFT CHARGE IS REVIVED IN NILES COURT

Duarte was arraigned Tuesday afternoon in the Niles justice court on charges of petty larcency. The complaint against Duarte was filed last July, the alleged offense said to have taken place at that time. Constable O. W. Ebright made the arrest last week.

Duarte will be tried by jury in the Niles court next Tuesday afternoon.

HOLY GHOST BEGUN AT PLEASANTON SATURDAY

Plans for the annual Holy Ghost festival, held in Pleasanton last Saturday and Sunday and sponsored by the Pleasanton I. D. E. S. lodge, were completed last week, according to Chairman Frank Terra, of Dublin.

Members of the committee in charge were busy all last week rounding up details to make the occasion one of the most successful ever held. Several men have been cutting the grass and weeds on the grounds to give the place a tidy appearance.

Flags, banners, and red, white and blue decorations were hung from the I. D. E. S. grounds on St. Mary's street, along Main street, and down Rose avenue as far as the St. Augustine's church, giving the town a festival appearance. The flags signified the territory covered by the march of the parade.

The Holy Ghost festival is especially celebrated by the Portuguese people of the country. It commemorates to all Portuguese the wonderful event which occured centuries ago, when Queen Isabel, of Portugal, gave up her crown to save the downfall of the Portuguese empire.

The festival week-end was begun on Saturday night, when Miss Emma Mattos, of Tassajara, who reigned over the fiesta, and all her attendents paraded from the I. D. E. S. grounds on St. Mary's street to the St. Augustine church. The parade was led by the Amador Valley high school band. It began promptly at seven-thirty in the evening. Following the parade, there was dancing at the I. D. E. S. hall, with music furnished by Dan Huddleston's dance band.

On Sunday the parade began from the grounds to the church at ten o'clock. This was an elaborate affair, with approximately one thousand persons taking part in it. It contained a band, a drum and bugle corps, drill teams, queens, and delegates representing a number of I. D. E. S. councils.

At the church special services were conducted by Father James Viladomat at ten-thirty o'clock.

Following the parade, there was held a mammouth barbecue, open to everyone. During the afternoon the committee in charge dsposed of many pastries, cakes and sweet breads. Cattle, sheep, chickens and a number of other animals were disposed of during the afternoon.

The young children were entertained by the merry-go-round and a number of other rides and concessions, which were on the grounds.

Water Directors Make Appeal For Lowering Electric Power Rates

ADVISE AGAINST LEGISLATURE MEETING FOR STATE WATER PLAN

Resolutions appealing for a lower electric power rate from the Pacific Gas and Electric Company and advising against a special session of the state legislatcre to adopt the State Water Plan were unanimously passed at the Alameda county water district board of directors' meeting, May 21, in Centerville.

Because of the slump in agricultural prices and the mounting electric power costs for pumping water from the underground supply, the board felt the present power rates are out of proportion with costs and should be reduced to meet the situation.

In regard to the State Water Plan, the board were of the opinion its adoption is not immediately necessary and would result in a greater tax burden upon the public. The resolution follows:

"WHEREAS the slump in price of all agricultural products is acutely affecting Alameda County Water District, which is primarily an agricultural community, and is causing unparalleled hardship; and

WHEREAS the low underground water table has added greatly to the electric power costs for pumping water from the underground supply, and such costs have been almost prohibitively high in the face of low returns for all agricultural products; and

WHEREAS, in the judgement of the directors of this District, the charges for electric power are out of all proportion to costs generally and to prices generally which are received for agricultural and orchard products, and the maintenance of high electric rates in our District is unwarranted, and they should be reduced to meet the new situation which has arisen, therefore

BE IT RESOLVED by the Directors of ALAMEDA COUNTY WATER DISTRICT that we hereby appeal to the Pacific Gas and Electric Company to reduce at once the rates in our District.

Whereas the holding of a special session of the California State Legislature is now being advocated for the purpose of securing the passage of an amendment to the State Constitution whereby what is known as the State Water Plan may be adopted; and

Whereas the carrying out of said State Water Plan will necessarily result in the creation of a great indebtedness in order to meet the expense of carrying out said plan; and

Whereas the recent improvement in the water situation in this state makes unnecessary the immediate adoption of the said plan; and

Whereas there is at the present time an over-production of agricultural products, and there is seeemingly the necessity for curtailment of agricultural areas instead of the development of new irrigated areas; and

Whereas agricultural lands generally are already over-burdened with excessive taxes, from which there appears to be no immediate relief;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of Alameda County Water District that it would be inadvisable to undertake the carrying out of said State Water Plan at this time, and that the calling of said special session of the Legislature would be a needless expense and that said special session of the legislature should not be called or held at this time.

TWO CAPTURED IN ALLEGED ROB ATTEMPT

Captured in the alleged attempt to rob the M. D. Silva store at Newark, Monday morning, two transients were arraigned on burglary charges in the Centerville justice court Tuesday afternoon.

The two men, John O'Brien, 42, and James Mayfield, 38, were captured single handed by the proprietor. The store was closed on account of Memorial Day, but Silva who lives across the street form the store heard the men attempting to pry open the rear door. He hurried across the street and siezed the pair, while his son, Eugene, soon came to his aid with a gun, holding the men until Constable Tom Silva was called.

Poppy Poster Contest Ends in Pleasanton

Prize Winners Will Be Announced Next Week

The poppy poster contest, which has been conducted by the Pleasanton grammar and Amador Valley high schools for the past few months under the auspices of the Pleasanton American Legion Post and Auxiliary, came to a close last week.

The posters were turned in last week and were judged by the poster contest officials. Several of the posters may be seen in the windows of some of the Pleasanton merchants.

The posters of the grammar school were judged separately from those made by high school students. Three prizes in money were awarded to the three best in each school. The one making the best poster received an award of $2.50; the second best received $1.50; and the third got $1.00. The committee of judges was chairmanned by Mrs. C. A. PUBLICATION OF SCHOOL BUDGETS IS CHAMPIONED

Spending of Taxpayers' Money Secretly Is Scored

Sacramento, Calif., May 11—One, Samuel M. Cohn, from the state department of public instruction, is going around the state declaring that the new school law which makes it mandatory for districts to publish their budgets is "the coldest exploitation of school funds" he has known in thirty years of school service.

This is a rather heated statement on a "cold-blooded" proposition, but Mr. Cohn is not alone in his antagonism. The measure in question has met widespread opposition from state, county and district school leaders. The schools spend over two-thirds of our tax money, yet they feel that they should do so under the veil of secrecy. All other departments of government are required to publish voluminous statements of procedure and financial activity, the costs of which are many times heavier.

If the schools are afraid to list their expenditures for scrutiny of the taxpayers, that is the most direct argument why they should be compelled to. And in a year like this especially when reduction of budgets is a matter of absolute necessity, wide publicity should be given school budgets.

The day has passed when the cause of education must be given an extraordinary leeway and privileges because people were not "sold" on education as they should be. Today public sentiment is solidly behind the idea that we should give our children the finest education we can afford. But that sentiment has been abused and capitalized in recent years by selfish bureaucracies and they must face the reckoning along with all other departments of government, just as the business-man and the farmer have already done in their affairs.

PLEASANTON THREE DAY EVENT TO BE JULY 4

Junior Chamber of Commerce To Sponsor Celebration

For the first time since 1908, Pleasanton is to have a Fourth of July celebration. A revival of horse racing at the Pleasanton track, the fastest in California, is to be the nucleus of the three-day festival.

The progam, as outlined at a meeting of the general committee last week, will start off with a street dance Saturday night, July 2. Sunday afternoon will see a program of race events at the Pleasanton track. Another street dance in the evening will round out the day. A parade, featuring a kiddies section, will start things off on the morning of the fourth. The three day celebration will close with the final program of racing Monday afternoon.

The first meeting of the general committee was called for last week by the Pleasanton Junior Chamber of Commerce, under whose auspices the celebration is to be held. Jerome Arendt was promptly elected chairman of the general committee.

With him on the committee are Crawford Letham, Charles Graham, Lee Wells, William Graham, Bruce Pickard, T. H. Silver, Andrew Greve, Peter Christesen, Bill Hall, John Rupple, Andy Jorgensen, J. J. Amaral, Sam Glassey, Ernest Schween and Bob Cope, all of Pleasanton.

With the election of Glassey and Schween as secretaries, the committee got down to work. After outlining the program, the necessary sub committees were established. These committees and their chairmen are as follows:

Dance and music, Andrew Greve; finance, the Junior Chamber of Commerce board of directors and Jerome Arendt; advertising, Peter Christesen; decoration, J. J. Amaral; parade, Charles Graham; refreshments, Crawford Letham; and track, Lee Wells, Bob Cope and Clifford Rosa. All are Pleasanton men.

Greve and Arendt were appointed representatives to obtain the necessary permission from the city council at its next meeting.

A second meeting of the general committee and all sub committees was called for Wednesday night at eight o'clock in the city hall.

Pleasanton Nine Wins Over Club From Berkeley

Twenty-Five to Ten Is Score of One-Sided Game

The Pleasanton Merchants defeated the Berkeley Athletic Club by a score of twenty-five to ten in a game played at the Pleasanton grounds recently.

The Merchants showed up well in one of the best games they have played all season.

To the present date, the Merchants have won twenty-six games and lost five out of the thirty-one played this year.

The nondescript suits now being worn by the Merchants are in poor condition, and an effort is being made to procure new ones for the team through the Pleasanton business men. If this effort fails, the team will probably be disbanded, Manager Hyman Stark, of Pleasanton, stated last week.

The lineup for the Merchants was as follows:

A. Faria, center field; Souza, left field; Gomes, right field; Paulo, third base; Anselmo, short stop (Cole relieved him in the fifth inning); Perry, second base; McGuire, catcher; Schultz, pitcher; Sires, first base;

MORE ON NEIGHBORING

(Continued From Page One)

business manager and superintendent will receive cuts of 10 per cent. Salaries of all other employees have been adjusted to conform to pay rates now in effect in comparable positions outside the schools.

"The board of education, in considering the economic situa- which it faces, made every other economy before taking this step in reducing teachers' salaries for the coming school year, Allen said.—Oakland Tribune.

LIVERMORE SLASHES TEN PER CENT FROM SALARIES

An economy program in Livermore city hall seems to be well launched, salaries of city employees being cut ten per cent by vote of the council at their meeting Monday evening, and the decision made to consolidate all city officers and eliminate rent paid for the separate office maintained heretofore for the chief of police and city inspector. The change will probably be made about June 1.—Livermore Journal.

COUNTY SARARIES ARE CUT BY SUPERVISORS

Salaries of 1450 Alameda county employees will be cut from 5 to 10 per cent in the new salary ordinance scheduled for adoption last week by the board of supervisors and to become effective June 1. The cut was decided upon as an economy measure to bring a reduction in the county tax rate.

The following schedule has been agreed upon:

Monthly salaries of $100 or less, no reduction; $101 to $150 per month, 5 per cent cut; $151 to $250 per month, 7½ per cent, and $250 or more per month, 10 per cent cut.

Action of the board followed adoption of a resolution by the county-wide committee on public expenditures calling upon the supervisors to effect a reduction of "at least 10 per cent" in the county payroll. The committee was appointed by various civic organizations throughout the county which have advocated reduction of the cost of government.

The pay slashes will not affect elective officers whose salaries are fixed by the county charter, but will affect 90 per cent of the county's employees, it was announced. Supervisor Hamilton and Ralp Hoyt, chief assistant district attorney estimated that this reduction would result in a saving of $200,000 per year.

In addition, the board voted a decrease of 5 per cent in the initial salary of county employees, which it was estimated would save another $30,000 or $40,000.

Another saving will be accomplished by abolishing positions which are now vacant and which the board decides there is no need to fill. There are between 80 and 100 such jobs now vacant, but final decision has not been reached on how many of them may be filled, Hamilton said.

The 1931-32 county budget carried a salary appropriation of $2,148,880. Pay of elective officers and others beyond control of the board totals $166,800 per year, leaving $1,982,080 under control of the board.—Oakland Tribune.

Following is a letter written by the city manager of San Leandro reflecting the attitude prevailing throughout the country regarding the tax situation. By action of the board of supervisors last week salaries of county employees were cut:

May 23, 1932.

To the Honorable
The Board of Supervisors
of Alameda County.
Gentlemen:

In line with the request made by a group of Oakland taxpayers who appeared before your body last week, I on behalf of the taxpayers of San Leandro whom I serve as City Manager wish to add our request that steps be taken to cut down county government costs with an ultimate reduction of county taxes.

The people of the entire country are demanding tax reductions, a reduction in the cost of our public school system and the bringing down of salaries of public officials to sensible levels.

If Alameda county taxes have increased 40 per cent since 1920 as reported at last week's meeting they have advanced to unreasonable proportions when the vast amount of taxable wealth which has been added to the tax rolls of the county during the past twelve years is considered.

The delinquencies in tax payments has reached staggering proportions because a great number of tax payers cannot meet the taxes on their property. This is a serious matter demanding serious attention.

In San Leandro we have just made adjustments whereby we will be able to cut our taxes nearly ten per cent. Other municipalities in the county are making curtailments with a tax reduction in view.

If the cities of the county can reduce expenses and cut their taxes surely Alameda county can do the same.

Yours truly,
A. E. PELTON,
City Manager.

BOARD ASSAILED FOR NOT CUTTING SALARIES

The Modesto board of education was scored last week in a resolution adopted by trustees representing the rural school districts, contributary to the Modesto high school and junior college, for not making more drastic cuts in teacher salaries.

The resolution, adopted at a meeting at te Ransom school last week, said "we regret the hasty manner" in which the Modesto board issued new salary contracts so inconsiderate of the taxpayers' expressed wishes.

It was annnounced that the resolution will be presented to the Modesto board for action.

The rural trustees called the reductions made in the higher brackets by the Modesto board as "Most decidedly disappointing," added that the Modosto officials have " not heard or heeded the taxpayers' demands for salary cuts in proportion to the need of the times or ability to pay."

Pleasanton Boy Wins County Spelling Bee

Amador Youth Will Go to State Fair Again

Wilbur Davis, a junior at the Amador Valley high school, again proved himself to be the best speller in Alameda county when he defeated all county high school contestants in a spelling match held at the Hayward high school recently.

Wilbur is the son of Mr. and Mrs. W. T. Davis, of Pleasanton. He has outspelled everyone who has competed with him in the county contests for the last four years. The first county match Wilbur won was when he was in the eighth grade in grammar school. He was not notified in time to compete in the county test when a freshman at high school, but during his sophomore and junior years he again proved victorious.

Wilbur has represented the county in state spelling coutests at the California State Fair several times. One year he won first place among the fifty-eight counties competing, and last year he took fourth place. He will represent Alameda county again this year at the State Fair spelling match.

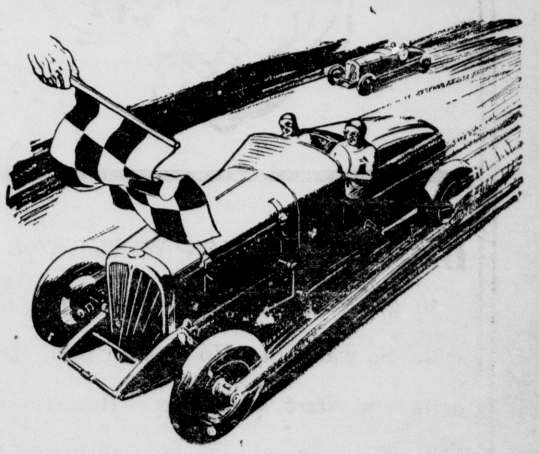
STUDEBAKER WINS 3rd PLACE IN INDIANAPOLIS 500-MILE RACE!

Studebaker time—102.662 miles per hour beats all former track records.

Bergere in Studebaker exceeds best time of all first place winners of 21 historic Memorial Day Races.

Studebaker also takes 6th and 13th places in field of forty of world's fastest and costliest racers.



ONCE again Studebaker shatters tradition! All of the Studebaker team were regular stock President Eights, with the following modifications to conform to racing requirements: cylinder heads were altered for higher compression ratio, magnetos were substituted for battery ignition, 4 special down-draft carburetors were installed, racing manifolds, spark plugs and bodies were used.

Motor blocks, front and rear axles, clutches, steering gears, brakes and transmissions were all of strictly stock manufacture.

This showing of a "family motor car" against a field of costly hand-built racing machines re-dramatizes the astonishing stamina and performance ability which have won for Studebaker its virtual monopoly of official *stock car* records.

A monopoly climaxed by that record of records . . . 30,000 miles in 26,326 consecutive minutes—by the official records of America's 39 most famous mountain climbs—all made by 100 per cent stock cars, certified by the A. A. A.

Instead of depending on mere advertising claims, Studebaker thus *proved value*, providing an insurance policy, to the prospective Studebaker owner, that a standard stock Studebaker has already done more than he will ever ask his car to do. Be hard to please. Own a Champion. Don't be satisfied with less.

Planning Christmas Dinner Means Less Work Today

By JOSEPHINE GIBSON
Director, Heinz Food Institute

THE Christmas dinner is a highlight of holiday festivities, rivaling in importance the tree and gifts. It's a joyful time of family reunions, when everybody gathers around the dinner table!

Decorations of dining room and table must be in keeping, and an idea, always lovely, is to have holly about walls, lights and pictures. Have, as a table centerpiece, a bowl of choice fruit with sprigs of holly stuck here and there; and at each place a bit of holly tied with red ribbon. The menu should not be overly elaborate but should stress good old-fashioned dishes, well prepared and attractively served. Women today are fortunate in that many good things can be prepared outside the home, so that while the dinner is as bountiful and delicious as ever, it is much less labor to prepare. Cocktails, soups, relishes, preserves and jellies, mincemeat and old-time fig and plum puddings may be purchased ready for use, without endless days of preparation necessary in grandmother's time. For the dinner we suggest one of the following menus:

Chilled Tomato Juice or Oyster Cocktail*
Celery Ripe Mission Olives
Roast Turkey or Goose or Chicken with Dressing* Mashed Potatoes
Creamed or Buttered Brussels Sprouts or Cabbage
Cranberry Jelly Fresh Cucumber Relish
Malaga Grape and Pineapple Salad with French Dressing
Plum Pudding (ready to serve) with Hard Sauce
Coffee Nuts

Cream of Tomato or Cream of Pea Soup (ready to serve)
Celery Spanish Queen Olives
Roast Stuffed Little Pig Baked or Glazed Sweet Potatoes
Baked Onions Cold Slaw
Pure Apple Butter Hot Parkerhouse Rolls
Fig Pudding (ready to serve) with Ice Cream or Sauce
Coffee Christmas Candies

(*Indicates recipes are given below.)

Oyster Cocktail: Allow six oysters per person. Serve on half shells; arranged on cracked ice in deep plate; or mix oysters with cocktail sauce and serve in stemmed glasses. Prepare cocktail sauce as follows: 1 cup Tomato Ketchup; 3 tablespoons Chili Sauce; 2 tablespoons Pure Vinegar; 2 tablespoons Evaporated Horseradish, which has been soaked for ten minutes in 2 tablespoons cold water; few drops Pepper Sauce; ½ to 1 teaspoon salt; dash of pepper. Mix all ingredients thoroughly together. This makes about 1⅔ cupfuls of sauce.

Turkey Stuffing: Crumb one loaf slightly stale bread. Season with salt and pepper to suit taste. Add ½ cup melted butter, 1 teaspoon cinnamon, if desired, 1 tablespoon Worcestershire Sauce and 1 tablespoon onion juice. Mix thoroughly. Press firmly into fowl.

MORE ON HOMECOMING

(Continued from Page One)

memories were honored by the occasion.

Leland W. Cutler, president of the San Francisco Chamber of Commerce, who grew up in the locality, recalled many incidents of his boyhood and spoke earnestly on the need of godly homes. He said the ideal home was founded on faith in God and a courage to do the right, which resulted in peace and happiness. Never before have we needed God in our hearts, our homes, and our national life as we need him now, he said.

Inclement weather prevented the out-of-door picnic which was planned to be held on the grounds of the Anderson estate. The Odd Fellows, however, graciously offered the use of their hall for the luncheon, and the offer was very gratefully accepted. This indoor basket picnic proved to be a very happy occasion. Many old friendships were renewed and some new ones found.

H. C. Ingram, former professor at the old college "on the hill," was master of ceremonies, and, under his skilled direction, many happy reminiscences were recalled, with, at times, tears very near the laughter.

Among those present from out of town were the following:

Robert L. Apple, San Francisco; Mr. and Mrs. A. D. Chance, Santa Cruz; Leland W. Cutler and family, San Francisco; Mrs. Elda and Miss Georgia Cutler, San Francisco; Mrs. J. Who makes your *Fire Insurance* Rate?

Property owners—individually and collectively—create the conditions which determine the cost of their fire insurance.

There is nothing secret in the making of fire insurance rates. Several major facts enter into the determination of these charges, such as construction, occupancy, the quality of private and public fire protection, exposure from other property and general loss experience.

High School at Pleasanton Is Highly Rated

When R. O. Moyer, principal of the Amador Valley high school, called up the state school examiner at the University of California last week, he received a pleasant surprise.

Expecting the examiner in Pleasanton Friday on his annual visit to give the school its scholarship rating, Moyer called him up the day before to ask him to postpone his visit until Monday because of the school picnic last Friday.

The principal in answer received the pleasing information that the school's rating was so entirely satisfactory that no examination would be necessary this year.

And that is something for the people of Pleasanton to be proud of!

Farce-Comedy Keeps Audience in Laughter all Evening

"Believe It or Not," a comedy hit, was presented by the senior class of the Amador Valley high school at the high school gym last week before a large and interested audience.

The play, which was a farce-comedy, kept the audience in an uproar of laughter from beginning to end. The principal parts in the play were successfully performed by the students taking the leading roles.

Those who took part in the performance were as follows:

Grace Reimers—Lena, a maid; Hazel Garatti—Mrs. Pottle, a sentimental dowager; Elcanor Hansen—Gladys Pottle; Enrica Adami—Jane Pottle; Josie Bottini—Nancy Hamilton, a young woman with a freezy manner; Blaire Logue—Harriet Follis, Nancy's chum, who has an inferiority complex; Tom Nerton—plumber, leisurely to the point of laziness; Francis Bottini—process server; Frank Marino—Cuthbert Jackson, in search of a wife against his will; Thomas George—Norman Follis, chum of Jackson and brother of Harriet, a live wire; Bill Gibson—Uncle Silas, prematurely aged; Bernice Toscano—Bridget O'Hare, in search of a job; Mildred Enos—health inspectress, trying to run down a case of bubonic plague; Joe Miller—detective, looking for murderers.

Memorial Day Services Set in Pleasanton

Memorial Day services were conducted in both Pleasanton cemeteries, the St. Augustine's and the Odd Fellows', Monday morning under the auspices of the Pleasanton American Legion Post and Auxiliary.

The parade formed at nine-thirty on Neal street in front of the Legion club rooms. Headed by the Amador Valley high school band, under the direction of Harry Tripp, the parade to the cemeteries was made up of the Pleasanton Camp Fire Girls, the Pleasanton Boy Scouts, and members of the Legion and Auxiliary.

Father James Viladomat led the services at the St. Augustine's plot, and Rev. R. C. Cross officiated at the Odd Fellows' cemetery. Following the religious services, the legionaires conducted their ritualistic ceremonies over the graves of the honored dead. A salute was fired and taps sounded.

Twenty-four graves of war veterans in both cemeteries were suitably decorated for the solemn occasion by members of the Pleasanton Post and Auxiliary.

An Idea That Ought to Start Something

The "Hoarding of Money" is ascribed by many economists as one of the causes of the present business depression. Two cities --- Buffalo and Rochester, N. Y.—decided to jar those idle dollars loose by advising the public, via ADVERTISING, to "Spend now what you will later."

The great success with which their campaigns met is attested to by the fact that other cities are planning to follow suit. Both merchants and the unemployed, all benefit by the idea. Hence, our reason for urging our merchants to advertise.

If every merchant in the township would start immediately advertising worth-while "buys" and keep it up consistently for six months the "depression" would be well on the way to oblivion by the time "winter comes."

Now, as always, the

stands ready to help, advise and encourage the merchants of this district in planning advertising campaigns that will bring results.

COULD Christmas be Christmas without making boxes of candy for neighbors and friends, or without having candy to offer holiday callers? There is real joy in making candies at Christmas, and many women who make little candy during the rest of the year, prepare pounds of it for the holidays. Packed attractively in dainty boxes, thoughtful gifts of this kind spread real Christmas cheer!

In each recipe given below a small amount of vinegar is used, because vinegar helps make candy uniformly creamy and fine grained. It changes the sugar to a form that does not crystallize readily. These recipes will yield a splendid assortment of delicious candies for gift boxes!

Divinity Fudge: Two cups granulated sugar; ½ cup dark corn syrup; ½ cup cold water; 1 teaspoon Pure Vinegar; 2 stiffly beaten egg whites; ¾ cup nut meats; 1 teaspoon vanilla; candied cherries. Mix together the sugar, corn syrup, water and vinegar. Cook slowly without stirring until mixture forms a very hard, almost brittle ball in cold water. Pour gradually over the egg whites and beat until creamy. Add nut meats and vanilla. Pour into a buttered pan and mark into squares. Candied cherries may be added as well as nuts.

Peanut Butter Fudge: Two cups granulated sugar; ½ cup milk; 2 tablespoons corn syrup; 1 tablespoon Pure Vinegar; ¼ cupful Peanut Butter. Mix together the sugar, milk, corn syrup and vinegar. Boil until a soft ball is formed when a few drops are tested in cold water, or that is at 236° F. Take from fire and cool until lukewarm, add Peanut Butter and beat until creamy. Pour into buttered pan. Cut in squares.

Chocolate Fudge: Three tablespoons butter; 3 cups granulated sugar; 1 teaspoon Cider Vinegar; 3 tablespoons corn syrup; pinch of salt; ¾ cup top milk; 3 squares unsweetened chocolate; 1 teaspoon vanilla. Melt butter in saucepan and brown very slightly. Add sugar, vinegar, corn syrup, salt and milk. Stir until well blended. Cover and bring slowly to a boil. Add chocolate that has been broken into small pieces and boil rapidly until the syrup forms a soft ball in cold water. (236° F.) Keep candy covered during cooking to prevent crystallization on sides of pan. Cool until lukewarm, add vanilla and beat until candy begins to cream. Pour into buttered pan. Cut into blocks when cold.

And sounds of living voices hour by hour,
Speak forth his message with the lips of Youth.

To train frail twigs straight upwards toward the light,
